LICENSE AGREEMENT

This agreement, made and entered into by and between the Director of Forestry, for and on behalf of the government of the Philippine Islands, party of the first part, and the \_\_\_\_\_, a corporation organized under the laws of the Philippine Islands, and duly licensed to transact business in the Philippine Islands, party of the second part, witnesseth that:

The party of the first part, as Director of Forestry, with the approval of the Secretary of Agriculture and Natural Resources, acting under the authority of sections 1834 and 1835 of act 2711, known as the Administrative Code, hereby issues to the party of the second part an exclusive license to cut, collect, and remove timber of all groups for a period of \_\_\_\_\_ years from the date of this license agreement, from that part of the public forests located in the Province of \_\_\_\_\_, Philippine Islands, and described as follows: \_\_\_\_\_.

\_\_\_\_\_ This license agreement comprises an area of approximately \_\_\_\_\_ square miles, or \_\_\_\_\_ hectares.

This license is granted to the said party of the second part upon the following express conditions:

I. That no authority is granted hereunder to the party of the second part to cut, collect, or remove firewood or other minor forest products, stone or earth from the area embraced in this license agreement except as hereinafter provided.

II. That the decision of the Director of Forestry as to the exact location of the boundary lines described above in this license agreement shall be accepted as final.

III. That the party of the second part shall furnish a capital of not less than \_\_\_\_\_ (\_\_\_\_\_), pesos, Philippine currency, for the immediate prosecution of the work authorized by this agreement, which capital shall, if necessary, be increased sufficiently to properly operate the said business over such parts of the said forest tract as shall be designated by the Director of Forestry, and sufficient and adequate to execute all the instructions of the Director of Forestry regarding the proper method of cutting, collecting, and removing the product herein specified, and to fulfill all other requirements hereinafter provided.

IV. V. That the party of the second part shall maintain on or in the vicinity of said tract a modern sawmill or sawmills of sufficient capacity to manufacture at least \_\_\_\_\_ cubic meters of timber per annum; and shall also maintain such modern logging equipment as may be necessary to supply the said mill or mills with sufficient logs for steady operation;

VI. That before commencing operations in said forest tract the party of the second part shall notify the local forest officer, in writing, at the station of the Bureau of Forestry, to be indicated by the party of the first part to the party of the second part, of the name and residence of each agent of the party of the second part in charge of the actual work in the woods and of the various stations established.

VII. That the party of the second part shall within ten (10) days from the date of the execution of this license agreement execute to the party of the first part a good and sufficient bond in the sum of ( ) pesos, Philippine currency, as a guaranty for the faithful performance by the party of the second part of each and all of the conditions of this license agreement; the sufficiency of the sureties thereof to be approved by the Secretary of Agriculture and Natural Resources.

VIII. That in carrying on the business authorized by this license agreement in cutting, collecting, and removing timber from said forest tract, the party of the second part, its agents and employees, shall strictly comply with the provisions of act 2711, known as the Administrative Code, the Forest Regulations, and all other laws, rules, and instructions now or hereafter to be in force governing the cutting, collecting, and removing of forest products.

IX. That this license agreement shall in no way be construed as preventing the homesteading, sale, lease, or letting of any portion of the public lands within said tract, in accordance with the public land act.

X. That this license agreement shall in no way be construed as preventing the free use of forest products for personal use by individuals residing within the vicinity of the forest tract.

XI. That this license agreement shall in no way be construed as preventing the setting aside of communal forests for the use of the inhabitants of the region.

XII. That the party of the first part reserves the right to grant licenses within any portion of the territory embraced in this license agreement for the cutting and extracting of timber to be used in public works, as provided for by act 2711, known as the Administrative Code, for the construction of railroads, as provided for in act 1544 of the Philippine Commission, or for mining purposes as provided in act No. 2822 of the Philippine Legislature.

XV. That the party of the second part further agrees and obligates itself:

1. To comply with the instructions and regulations of the Bureau of Forestry for the protection of the forest and for the proper cutting, gathering, and removal of timber.
2. To maintain all operations connected with the logging and milling of the timber cut under this license agreement at such a point of efficiency, in proportion to the capital invested, as shall be approved by the Director of Forestry.
3. To submit all timber for measurement and appraisal at such place or places in the woods or at the mill before sawing as may be approved by the local forest officer.
4. That all merchantable timber used in the construction of building, railroads, bridges, skids, chutes, landings, and roadways or otherwise employed in logging must be invoiced and paid for in accordance with paragraph (L) Section XV of the Forest Regulations.
5. To render to the Bureau of Forestry, through the local forest officer, a quarterly statement signed by the party of the second part, or his duly authorized agent, showing the quantity of each species of timber manufactured during the period to which such statement refers.
6. To sell round or manufactured timber to the residents of the vicinity at prices which shall never exceed the wholesale prices in Manila, less freight and lighterage.
7. That if the party of the second part does not take advantage of this license agreement and comply with the terms and spirit hereof within six (6) months from the date of its execution, then this license agreement may be declared null and void by the Director of Forestry, with the approval of the Secretary of Agriculture and Natural Resources, and the conditions of the bond executed by the party of the second part may, with like approval, be declared by the Director of Forestry broken, and the principal and sureties on said bond shall be liable within the amount of said bond for any damages occasioned to the party of the first part by reason of such failure on the part of the party of the second part.
8. That in the event of the violation by the party of the second part, or its agents, or other persons operating under this license agreement, of act 2711, known as the Administrative Code, Forest Regulations, or other laws, regulations, or instructions now or hereafter to be in force governing the protection of the forests or the cutting, collection, or removal of timber, or of the terms of this license agreement; and in the event that after three warnings by the party of the first part to the party of the second part, with assessment of fines as provided by law and regulations, the said party of the second part fails within a reasonable time after the third warnings, which time shall not exceed six(6) months, to stop the violations referred to, then this license

1) THE FIGURES IN THESE COLUMNS WERE FURNISHED FROM THE BOOKS OF THE FISCAL AGENT SHOWING THE ACCOUNTS OF THE INDIVIDUAL PARTIDAS. THEY INCLUDE OBLIGATIONS INCURRED IN THE BIENNIUM BUT NOT ACTUALLY PAID UNTIL SUBSEQUENT FISCAL PERIODS. CONSEQUENTLY A RECAPITULATION OF THESE AMOUNTS WOULD NOT BE IN AGREEMENT WITH THE SUMMARY STATEMENT OF EXPENDITURES FOR THE CORRESPONDING BIENNIUMS SINCE THE LATTER INCLUDE ONLY THOSE EXPENDITURES ACTUALLY MADE WITHIN THE BIENNIUM.

STATEMENT SHOWING COMPARISON OF BUDGET APPROPRIATION WITH AMOUNT EXPENDED  
IN THE DEPARTMENT OF THE TREASURY, CLASSIFIED BY PRINCIPAL ACTIVITIES.
